

MUSIC BY DESIGN / DESIGNBAND

RATE SHEET

Rates 2017 - 2018

Designband pricing is for 3 hours of music within a 4 hour call time. Overtime sets are possible, please contact us for a quote. Regardless what size band fits your budget, your guests will be raving about Designband long after your event

5 piece band **2800**
guitars, woodwinds, keyboards, bass, percussion and drums, male and female lead vocals
- ultimate show band for larger events !

4 piece band **2400**
guitars, woodwinds, keyboards, bass and drums, male and female lead vocals
- BEST VALUE !

3 piece band with DJ **1600**
keyboards, bass, and drums, male and female lead vocals
nonessential elements (such as percussion/synths) are provided by backing tracks
- DJ plus the energy of live entertainment: still a complete barn burner!

Poduction what is production?

Sound Lights Video Action ! (and a peak behind the curtain:-)

The rental (including delivery, set up, operation and tear down) of the sound gear (such as wireless microphones, cables, stands, monitors, PA speakers and lighting) as well as operating the equipment during performance, announcements, speeches and toasts. Production is required for all performances.

Some performance venues can provide some or all sound and light production.

There are also independent sound companies and lighting companies. We have a performance rider specifying the equipment required for 'in house' or A/V companies other than Music By Design. To make it easy, we break down production cost by size of event (number of guests, ballroom size, separate set up areas)

Music by Design provides higher end equipment than most rental companies for the best experience and all equipment is guaranteed to be compatible:

up to 100 guests	400
up to 250 guests	750
up to 1000 guests	1200

(on the second page are additinal services)

Rates 2017- 2018

if the dance band is booked for the reception.
prices are for a 50 mile radius from our home base in Portland, Oregon.

Question . . . why would you want the band to be in charge of the sound and lighting?

Because it is in their interests that they sound and look the best for your event
and create the perfect atmosphere to engage you and all of your guests.

We'll see you at the show !
